### Our school initiatives are showing substantial progress toward our targets

After reviewing our 2017 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Building teacher capability with data literacies to inform teaching practices
- Building teacher capability around the teaching of writing – specifically vocabulary
- Developing and implementing Short Term Data Cycles to identify student needs and monitor progress
- Developing and implementing a whole school coaching and feedback model
- Reviewing and refining the Pedagogical Framework and embed as the shared language of teaching and learning
