Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Employ an experienced early childhood teacher each Thursday morning between 9:00am – 11:00am to run and manage a Playgroup program that enables students to gain the necessary skills to be successful in their transition from non-schooling to formal schooling.

Our school strategies have shown limited progress toward our targets

During 2015, no progress was made toward our targeted student outcomes. We will review our strategies and make adjustments in order to better focus on maximising the benefits of this funding for our students.

Strategies implemented include:

- Employing a trainer teacher to work in the Prep – 3 classroom 2 mornings a week for 11 weeks to work on extending current year 3 students preparing students for NAPLAN and moving them above the NMS for literacy in NAPLAN.
